#### Interfaith Week

This week we celebrated 'Interfaith Week' in school as it is an opportunity to bring people with different beliefs closer together. It is a chance to learn about one another and build positive relationships. We talked about how within society, people don't always get along, and sometimes people forget that it is other people's difference that makes them unique and special. It is diversity that makes our world more interesting.

### Be Respectful

This week Year 6 organised our 'Multi-Cultural Day' to celebrate the diversity in our school, by asking children and staff to celebrate their cultural roots by dressing in their cultural clothes.

Year 6's idea behind the 'Multicultural Day' was to celebrate our differences and use this as a physical reminder that we all have different beliefs and cultural roots, and we can appreciate, accept, and include everyone, no matter if their beliefs are different from our own. Thank you to everyone that contributed £1 towards the day as all contributions will go towards the cost of the coach for the Y6 Residential trip and support Year 6 to achieve the Pledge Point 'Be a Fundraiser'
