#### British Values

This week we recapped our learning about the British Values which are five values that are important to people living in the UK today. Schools teach children about the British Values to help young people feel ready for life after leaving school. We thought about the meaning of each British Value and how they play a role in our daily lives at school and at home.

As part of the REAL project, we took some of our Reception families to Hyde Library for a story session. The children all signed up for a library card and took a reading book home.
